

THE WEEKLY GRAPHIC

T. E. SUBLETTE, Proprietor.
FRIDAY, MAY 8, 1903.

GRAPHICS.

Ivie and Barnard are burning their first kiln of brick.

Prof. Swanger has let the contract for a nice residence east of the Normal.

Mr. M. P. Sharp, of Edina, was in town Monday. He stated that farm work in Knox is more advanced than in Adair.

Report of Arbor Day exercises of Trinity school were crowded out of this GRAPHIC. It will be published next week.

No bids for the custody of the county funds was presented by any of the banks at the present term of the county court.

Rev. I. R. M. Beeson, of Jackson, Mo., will preach at the Baptist church of this city next Sunday at 11 a. m. and 7:30 p. m.

Mr. W. H. Fourness sold his lot on High street, Wednesday to Mr. Frederick Grassie for \$475. Mr. Grassie will build a residence on the lot.

William Morgan, formerly of Millard, died of consumption near Oden, Utah, April 28th. Mr. Morgan was a son-in-law of Mr. Philip Beecher, of Millard.

E. O. Gates reports sale of Espy house and lot in Linder addition to Elvina and Nora E. Wilkes; also John Russell property in Wilson addition to W. H. Fourness.

H. J. Bailey began this week, the erection of a two-story business house, south of GRAPHIC building. He has leased the lower story to A. L. Holmes for five years.

The third annual declamatory contest, for the Stephen's medal took place at the Normal chapel last Friday evening. The prize was awarded to Ben Schofield of the Senior society.

Prof. Dutcher, of Warrensburg, will lecture at the Christian church Saturday evening. His subject will be Sunday schools and will be finely illustrated. All are invited.

The Arbor Day exercises at Queen City, were quite imposing, and the interest manifested reflected great credit on Prof. McNaught and his pupils. May the interest in Arbor Day grow with each year.

Two criminals were sent to the penitentiary from Adair county at the recent term of Circuit Court. This is pretty good work for a prosecuting attorney, who has just reached his twenty-second birthday.

State agent, J. H. Parsons, will be at Kirksville on Sunday and Monday, May 17 and 18, and desires to meet the children of all the Sunday schools in Kirksville at 3 o'clock p. m. on Sunday. Parents and friends are all invited.

Judge Ellison and W. G. Fout have purchased the forty-acre tract of land directly east of town, of Judge James Ellison, of Kansas City, and will at once proceed to have twenty acres of it laid out in town lots.

There was a heavy frost Tuesday night, and considerable ice formed in exposed places. Tender vegetables, however, were not hurt, and it is thought that the fruit crop is not injured. There was also a light frost Wednesday night.

It is reported that forty ballots were taken Monday night, before any one of the applicants for the position, of superintendent of city schools received a majority of the votes. The election of teachers has been deferred until Monday night, May 11th.

Henry Palmer, colored, who was tried last week for burglary and larceny was sentenced to five years in the penitentiary. John Grear on trial for stealing from a dwelling, pleaded guilty and was sentenced for two years. Both criminals were taken to Jefferson City by the Sheriff, Friday night.

Mrs. Ruth A. Gillespie, wife of Maj. W. C. B. Gillespie, died at the family residence in Macon, Friday April 24. Maj. Gillespie was two or three years a resident of Kirksville, and editor of the Register. He is well known to many of Adair's citizens who will sympathize with him in his bereavement.

There were seven applicants for the superintendency of the city schools. Prof. Gentry declined to be an applicant unless the Board would agree to increase the salary to \$1200. Under his efficient management the attendance has been increased 30 per cent, and the standing of our schools has been raised until they are now second to none in the state.

At a meeting of the School Board, Monday night Mr. W. R. Holloway was elected superintendent of the Kirksville public schools. Mr. Holloway is at present the senior member of the firm of W. R. Holloway & Co., grocers. He is a graduate of the Kirksville Normal, and as a teacher has given a very high degree of satisfaction wherever employed.

Mr. Jo. Forsythe and family arrived in town Tuesday evening, and went directly to their new home, which has recently been remodeled and fitted up with every convenience. We welcome Mr. Forsythe and family as permanent residents of our city.

Mr. James Crawford, left Thursday morning, for Berryville, Ark., where he will make his future home. Mr. Crawford was one of our most estimable and substantial men. In his removal Adair county loses one of its most valued citizens.

In the departure of Prof. W. W. Walters to a more extended field of work, Bethany loses a competent instructor and a model citizen. Three years ago he assumed charge of our school at a time when factions threatened its serious impairment. The zeal, industry, ability and tact which he gave to his work resulted in success, and he goes away conscious of the fact that the school is in a more prosperous condition than ever before. Prof. Walters left for Kansas City last Tuesday where he will temporarily reside. He carries with him wherever he goes the respect, confidence and good will of every citizen of Bethany.—Bethany Republican.

Mr. Alex. B. Enoch, of Rochester, New York, was in town this week advertising and taking orders for Warner's Safe Cure, Warner's Log Cabin Remedies and Warner's Safe Yeast.

E. H. Sawyer, D. D. pastor of the First Baptist church, of this city, has been appointed a delegate to the National Baptist Conventions at Birmingham, and Cincinnati, and will be absent from his pulpit next Sunday, May 10. Dr. Sawyer has also been appointed to represent the one hundred and twenty thousand Baptists of Missouri, as a member of the National Baptist Committee, to arrange for the Centennial Celebration of the Casey Mission in 1893. The headquarters of the committee is Fremont Temple, Boston, Mass.

Mr. W. T. Dean, who lives on Bear Creek, about five miles south east of Kirksville, is the owner of probably the oldest horse in the state. Old Fanny, as she is known all over the neighborhood, has been in Mr. Dean's possession for thirty-two years, and he purchased her of his father-in-law when she was a two-year-old. She has worked on the farm every year and helped make the crop up to this season, when she was discharged from active service, but is yet as frisky as a colt and gives promise of living several years to enjoy the ease which has been granted her in her old age.

The wife of J. C. Adkins who lives about eight miles northwest of Kirksville has been troubled with a distressing cough for several months. The cough was caused by a tickling in the throat, and at times it was so violent as to be almost beyond endurance. Mrs. Adkins frequently declared to her husband that there was a worm in her throat, and she could feel it crawl. At such times she would take a little turpentine and sugar when the irritation would cease for several hours. Friday night, after an unusually severe paroxysm of coughing, a worm, about two inches in length, was ejected with the expectoration. It resembles what is known as Hundred-legs, and Mrs. Adkins verily believes that it has been the source of all her suffering. Since Friday night Mrs. Adkins has ceased coughing and enjoys sound refreshing sleep. The worm is now in possession of Dr. J. W. Martin.

Y. M. B. A.
